Accessory

- Stampin Trimmer
- Hole Punch
- Thick Bakers Twine
- Sweetheart Punch
- Liquid Multipurpose Glue

Instructions

Please read all the directions before starting

Step 1. Begin by punching out all of the hearts using the Sweetheart Punch. There should be 8.

Step 2. Adhere the Black layer on top of the White card base.

Step 3. Take the long strip of White c/s and begin by scoring at one end at 1". Continue to score every half inch until you have 9 score lines.

Step 4. Fold on all the score lines and adhere hearts just below each score line with a tiny bit of

liquid glue.

Step 5. Fold the white strip of c/s in half and punch a hole in the bottom of the back side that hangs lower. Tie Bakers Twine through the hole.

Step 6. Adhere the white strip of c/s (behind the purple heart) to the 1 x 4" strip of black c/s.

Step 7. Adhere the black card stock to the bottom of the card on each side. Be careful not to glue any of the White c/s to the card base so that the hearts can move up and down.
